- \$ 2010 Federal Title II Juvenile Justice & Delinquency Prevention Act Formula Grant Funds (JJ)
- \$ 2011 State Juvenile Services Grant Funds (JS)

The purpose of these funds is to better the juvenile justice system in the State of Nebraska. The funding priorities outlined in these application instructions support the goals of the Nebraska Crime Commission and the NCJJ statewide three-year plan. This plan is developed with community and professional input and the results of the *Comprehensive Juvenile Services Plans* submitted by counties in Nebraska.

The grant programs listed above offers over a million dollars in funding for juvenile justice programs. The application process is very competitive. Carefully read the guidelines for each program as well as the directions for completing the application. Read the guidelines for each program to determine where your project will best fit. On the applicant information page, check which program you are applying for – either Title II (JJ) or Juvenile Services (JS). If your project is eligible for more than one funding source, it will be considered under each program. Only check **one** program on the application for Nebraska Crime Commission office purposes.

Continuation funding is not guaranteed from year to year. All subgrantees must submit an updated application annually. If you are a currently funded program, apply for funding under the same grant fund and use the same project title. To assist you in knowing which program you are funded under, refer to your current grant number. Each grant number has two letters in the middle of the number. The following letter combinations correspond to the following programs:

JJ = Title II JJDP Federal Grants OR JS = State Juvenile Services Grants

If you are submitting applications for more than one project, a separate application must be submitted for each project. It is very important to read the guidelines and directions carefully as the application may change from year to year.

AMOUNT AVAILABLE Approximately \$587,812.

ELIGIBILITY

To be eligible for Juvenile Services Grant Funds, an applicant must be one of the following:

- Community-Based Agency or Organization, including Faith-Based Organizations
- Community Team
- Political Sub-Division
- School District
- Federally or State recognized Indian Tribe

If a Community Team, without 501 (C) 3 status is interested in applying, they must seek out an eligible applicant listed above to apply on their behalf to act as the fiscal agent. The applicant could then contract with the community team to operate the project.

Eligible applicants, who are not non-profit agencies, may contract with non-profit agencies for the provision of services. Eligible applicants may not require the contracted agency to provide match.

SOURCE OF FUNDS

Juvenile Services funds are awarded annually from amounts appropriated to the Nebraska Crime Commission by the Nebraska Legislature.

PROGRAM PRIORITIES

The Juvenile Services Act was enacted to assist communities in the implementation and operation of needed programs or services for youth as identified in their *Comprehensive Juvenile Services Plan*, including, but not limited to programs for: assessment/evaluation; prevention of delinquent behavior; diversion and other alternatives to detention; shelter care; intensive juvenile probation services; restitution; family support services; community centers for the care and treatment of juveniles in need of services.

Due to the limited funds available, the NCJJ develops priorities for all funding streams, which are laid out in the 2009-2011 Three Year Plan. The NCJJ will give first priority to prevention related programs followed by alternatives to detention and community based programs. Refer to the link <http://www2.dsgonline.com/mpg/> to see the variety of programs under the headings of prevention, immediate sanctions, intermediate sanctions, residential, and reentry. The NCJJ has a strong interest in funding model, best practice, evidence based or promising practice programs, however, new program ideas will be considered.

FUNDING LIMITATIONS

Funds provided under the Juvenile Services Act may be used for developing programs for youth and for acquiring, developing, or improving local facilities for juveniles IF the development and use of the facilities are identified as a need in the *Comprehensive Juvenile Services Plan*.

- Funds may be requested for personnel, consultants/contracts, travel, supplies and operating expenses and equipment related to the proposed project.
- No funds awarded under the Act shall be used to acquire, develop, build, or improve local correctional facilities that are not specifically utilized for juveniles.

- Funds received by an eligible applicant under the Juvenile Services Act shall NOT be used to replace or supplant any funds currently being used to support existing programs for juveniles.
- Funds received under the act shall NOT be used for capital construction or the lease or acquisition of facilities unless such uses have been approved by the Nebraska Crime Commission through the grant process and Nebraska Jail Standards.
- The Nebraska Crime Commission does NOT allow grant funds for indirect costs.

MATCH REQUIREMENTS

Matching funds are not required by the applicant; however, designating cash or in-kind matching funds is encouraged to show commitment by the community for the project.

GENERAL GUIDELINES FOR 2010 FEDERAL TITLE II FORMULA GRANTS

AMOUNT AVAILABLE: \$510,000

ELIGIBILITY

To be eligible for Title II formula grant funds, an applicant must be one of the following:

- State agency or state supported university.
- A unit of general local government (county, city, village, etc.) or combination thereof.
- A private non-profit agency who has requested and been denied funding by any unit of general local government or combination thereof. The agency must provide written documentation of such denial as part of the grant application. This written documentation may be achieved by submitting a letter of support/commitment from the unit of local government. Failure to provide such documentation will result in the applicant being ineligible for funding.
- Indian tribes who perform law enforcement functions (as determined by the Secretary of the Interior) and agree to attempt to comply with the JJDP Act regarding the detention and confinement of juveniles.

Eligible applicants, who are not non-profit agencies, may contract with non-profit agencies for the provision of services. Eligible applicants may not require the contracted agency to provide match.

SOURCE OF FUNDS

Title II funds are awarded annually by the Federal Government as outlined in the Juvenile Justice and Delinquency Prevention Act of 1974. The Office of Juvenile Justice and Delinquency Prevention (OJJDP) is the Federal agency that oversees the distribution and management of funds by the states. Title II funds are formula grant funds, which means the determined amount a state receives is based on a formula that uses the states population, juvenile population, crime statistics etc. Congress must re-authorize the JJDP Act every year in order for this program to continue.

PROGRAM PURPOSE

The Federal Juvenile Justice and Delinquency Prevention Act is the basis for the Title II Formula Grant program. States must be in compliance with the four core requirements of the Act (Deinstitutionalization of Status Offenders; Jail Removal; Sight and Sound Separation; Disproportionate Minority Contact) in order to receive the full formula grant allocation. For each core requirement where the state is found non-compliant, the state loses twenty percent (20%) of the allocation. Fifty percent (50%) of the remaining allocation must be used to address the non-compliant area. The State of Nebraska is in full compliance, and receives the full allocation. Once a state is in full compliance, additional program priorities can be addressed as identified in the Three Year Plan.

FUNDING PRIORITIES

The Title II formula grant program requires each state to develop a Three Year Plan that addresses the four core requirements as well as other juvenile issues in the state. As part of Nebraska's Three Year Plan for 2009-2011, the NCJJ identified the following areas that will be given priority funding consideration to insure the state remains in full compliance with the Federal JJDP Act as well as address key juvenile issues. These key issues were identified through input from practitioners, past state reports and studies, and the *Comprehensive Juvenile Services Plans* submitted by Counties across the State. The NCJJ has a strong interest in funding research/evidence based programs, however, new program ideas will be considered.

Alternatives to Detention: To maintain compliance with the Deinstitutionalization of Status Offenders core requirement, many services and programs need to be maintained and developed to insure compliance. The goal is to help communities develop alternative to detention programs and community based services to meet the needs of the youth in the community, at various points in the system, while still having an element of accountability. While all areas of the state need this type of programming, it is recognized that rural areas particularly are in need of these types of services. Examples of programs include diversion, tracker, day reporting, electronic monitoring, mediation, restorative justice programs, and programs designed specifically for younger offenders.

Disproportionate Minority Contact (DMC): States are required to study the prevalence of Disproportionate Minority Contact in the juvenile justice system as part of the fourth core requirement of the JJDP Act. The Nebraska Crime Commission has hired a consultant to further DMC efforts. Communities interested in determining points of DMC in their local system and/or developing programming to address this issue may contact Doug Kramer at 308-233-5229 or dkramer45@gmail.com for technical assistance prior to submission of the application. Projects should be directed at local problems as identified through the DMC data collection process and may include but not be limited to:

- Developing and/or expanding alternatives to detention programs.
- Ensuring equal legal representation and system resources to economically disadvantaged youth.
- Cultural specific programs as alternatives for youth in the juvenile justice system.
- Programs addressing this issue as identified in *Comprehensive Juvenile Services Plans*.

Systems Improvement: One of the goals of the NCJJ's Three Year Plan is to improve how the juvenile justice system works at the local and state level. Examples of fundable activities include:

- Implementing, enhancing, or validating standardized risk/needs assessment within the system. Use of the YLS/CMI is strongly encouraged to be consistent with state efforts.
- Implementing changes in process, procedures, or programs that address problem areas of the system as identified in the *Comprehensive Juvenile Services Plan*.
- Implementing changes in process, procedures or implementing programs that address truancy.

FUNDING LIMITATIONS

- The Nebraska Crime Commission does NOT allow grant funds to be used for indirect costs.
- Funds are not generally allowed for construction. However, there are exceptions. If you are interested in information about funds for construction, call the grant administrator.
- Funds received by an eligible applicant shall NOT be used to replace or supplant any funds currently being used to support existing programs for juveniles.
- Federal funds CANNOT be used to match other federal funds.

MATCH REQUIREMENTS

Matching funds are not required by the applicant; however, designating cash or in-kind matching funds is encouraged to show commitment by the community for the project.

GENERAL GUIDELINES RELATING TO BOTH GRANT PROGRAMS

The following guidelines apply to both grant programs described in the application instructions.

COMPREHENSIVE JUVENILE SERVICES PLANS

State statute requires eligible applicants to submit a Three Year *Comprehensive Juvenile Services Plans*. To be eligible for either grant programs, a county must have a current *Comprehensive Juvenile Services Plan* on file with the Nebraska Crime Commission. The application requires applicants to document how the proposed project fits into their *Comprehensive Juvenile Services Plan*. For information on counties with existing plans, contact Merry Wills at 471-3989, Merry.Wills@nebraska.gov or the Nebraska Crime Commission website: www.ncc.ne.gov.

MODEL PROGRAMS

The Office of Juvenile Justice and Delinquency Prevention is a resource for research based model programs: <http://ojjdp.ncjrs.org/programs/mpg.html>. Model and best practices can be found on the SAMHSA website: <http://www.modelprograms.samhsa.gov/> and Blueprints website: <http://www.colorado.edu/cspv/blueprints/>.

COMMINGLING OF FUNDS

A clear audit trail must be maintained for each source of funding. Receipts, expenditures, and disbursements must be separately accounted for from each source of funds.

ACCOUNTING REQUIREMENTS

Awarded applicants shall implement and maintain an accounting system. The system must accurately reflect income, expenditures, and documentation of expenditures. Records are to be available for monitors and audits. Awarded applicants are required to submit quarterly reports detailing their expenditures of grant and match funds.

DISTRIBUTION OF FUNDS

The Nebraska Crime Commission is the Designated State Agency (DSA) to administer the grant programs in this application. Grants are awarded on a competitive basis to eligible applicants annually. Applications are first screened in a review process by Nebraska Crime Commission staff and Grant Review Team from which recommendations are made to the NCJJ. The NCJJ makes recommendations to the Nebraska Crime Commission for final approval. The final funding decisions are made by the Nebraska Crime Commission.

STEP DOWN POLICY

Title II and Juvenile Services grants awarded by the Nebraska Crime Commission may be subject to a funding step down process. The NCJJ adopted this policy to ensure the continuation of juvenile programs through commitment of local efforts. The step down process is as follows:

Level 1: To provide sufficient time for a new program to become stable, a project may be funded at the same level of funding for not more than two (2) years, providing there are sufficient funds available and proper management of the grant.
(i.e., Year 1 funding at \$15,000; Year 2 funding at \$15,000)

Level 2: Continuation projects requesting funding for a third year will be reduced at 25% of the awarded amount in Level 1, providing there are sufficient funds available and proper

management of the grant.

(i.e., Year 3 funding at \$11,250)

Level 3: Continuation projects requesting funding for a fourth year will be reduced 50% of the awarded amount in Level 1, providing there are sufficient funds available and proper management of the grant.

(i.e., Year 4 funding at \$7,500)

Level 4: Continuation projects requesting funding for a fifth year will be reduced 75% of the awarded amount in Level 1, providing there are sufficient funds available and proper management of the grant.

(i.e., Year 5 funding at \$3,750)

The step down policy may be waived if circumstances validate funding the program at the same or greater amount. In order for a waiver to be considered, the grant application must clearly explain and justify the need to maintain funding at the current or greater level. However, it is the policy of the NCJJ to follow the step down policy in funding recommendations.

OTHER REQUIREMENTS

- **Drug Free Workplace Policy:** Each Subgrantee is required to sign a form indicating they have implemented and maintain a Drug Free Workplace Policy. If one does not exist at the time of award, the Nebraska Crime Commission policy may be adopted.

LATE APPLICATIONS

Applications received in the Nebraska Crime Commission office after the due date and time may not be considered. The Crime Commission staff highly recommends submitting the application several days before the deadline. If severe weather should occur, contact the Nebraska Crime Commission office to determine if an extension due to weather has been approved.

GRANT COMMENCEMENT AND DURATION

Nebraska Crime Commission Operating Instruction #10 requires funded projects to be implemented within 30 days from the start date listed on the Grant Award or other date specified by the grant administrator. Failure to implement a project within this time frame, or time frame agreed upon by the grant administrator, may result in the loss of grant funds.

State and Federal grant funds are approved for a period of twelve months. The project period for awarded grants will be July 1, 2011 – June 30, 2012, unless otherwise approved by the grant administrator. There are no guarantees of continued funding for programs. However, it is the goal of the NCJJ and Nebraska Crime Commission to continue projects that address the purpose of the state or federal program and are successful in their endeavor.

Awarded applicants are required to attend Grant Management Training and submit timely quarterly reports on activities and expenditure of funds. Failure to do so may jeopardize grant funds.
